PROFESSIONAL SUMMARY

Detail-driven **Signage Project Coordinator** with 4+ years of cross-functional operational coordination, multi-vendor quote compilation, and technical production tracking. Hands-on experience coordinating **exterior illuminated signage solutions** (front-lit & reverse halo channel letters, raceways, lightboxes/cabinets, pylon/monuments), **architectural drawing review** (A-sheets, wall sections, structural backing, electrical disconnects), and **municipal signage code due diligence & permitting** across diverse jurisdictions. Creator of **SignQuote Studio** (signquote-studio.vercel.app), a dedicated commercial sign estimating and vendor RFQ workbench built on CoreBridge pricing logic, substrate yield nesting, and 50% gross margin defense. Proven track record tracking concurrent milestones across 10+ accounts, wholesale fabricators, and internal stakeholders with zero deadline slippage. Fully equipped with a Windows workstation and committed to the 8:00 AM – 5:00 PM CST schedule.

CORE COMPETENCIES & SIGNAGE CAPABILITIES

Project & Account Coordination: Multi-site rollout tracking, online PM portals, milestone delegation, vendor & client communication.	Architectural Drawing Review: Reading A-sheets, elevations, wall sections, blocking/backing requirements, mounting details, electrical.
Vendor Quoting & Proposals: Drafting RFQs, collecting & comparing fabricator bids, spreadsheet cost consolidation, markup/margin defense.	Signage Code & Permitting: Municipal zoning research, allowable sign area, setback rules, sign height, submittal packets, inspections.
Signage Typologies: Front-lit & halo channel letters, raceways, cabinet signs, blade/projecting signs, awnings, canopies, ADA.	Materials & Illumination: Cast acrylic, ACM (3mm/4mm), polycarbonate (Lexan), aluminum returns/trim cap, LED modules, NEC Art. 600.

FEATURED TECHNICAL PROJECT & ESTIMATING BENCHMARK

SignQuote Studio — Commercial Signage Estimating & Rollout Workbench (Live Demo: signquote-studio.vercel.app)

- Engineered a production-ready commercial signage estimating platform modeling **CoreBridge-compatible assembly pricing**, multi-substrate yield nesting (ACM, cast acrylic, polycarbonate), machine/router labor, and strict **mathematical gross margin defense** (COGS / (1 - GM%)) across standard commercial contract archetypes.
- Developed automated **wholesale vendor RFQ generators** tailored to North American fabricator standards (Direct Sign Wholesale, Gemini), specifying mandatory 1:1 paper mounting patterns, UL 48 listing, crating, and liftgate logistics.
- Integrated AI-assisted prompt workflows to parse contractor architectural specifications and RFP emails, converting raw scope narratives into structured engineering Bills of Materials (BOM) in under 8 minutes.

PROFESSIONAL EXPERIENCE

Project Operations & Sourcing Coordinator | Morpho Studio & Commercial Operations (Jan 2024 – Present)

- Coordinated concurrent multi-vendor procurement pipelines, production deadlines, and cross-functional deliverables across 10+ operational workflows, achieving **100% on-time milestone fulfillment** with zero material bottlenecks.
- Audited and compared competing supplier quotations; compiled standardized pricing comparison worksheets to evaluate unit costs, lead times, freight terms, and bulk volume discounts.
- Built and maintained centralized project tracking portals and spreadsheets in Google Workspace and Excel, logging purchase orders (POs), milestone deadlines, and vendor communication logs.

Commercial Signage & Print Production Specialist | Commercial Graphics & Printing Studio (Jan 2023 – Dec 2024)

- Managed end-to-end signage fabrication and branded graphics projects for commercial clients, overseeing project timelines from vector art proofing through vendor handoff.
- Reviewed architectural elevations, site layouts, and technical drawings to evaluate sign dimensions, wall substrate compatibility (masonry, drywall, siding), and structural mounting requirements.
- Conducted preliminary code and landlord criteria due diligence; audited fabricator proofs using Adobe Acrobat Pro & Illustrator to verify scaling, PMS color matching, weep holes, and mounting patterns.

Remote Project Coordinator & Digital Asset Specialist | Independent Commercial Clients (USA, Canada, UAE, Italy) (Dec 2020 – Dec 2024)

- Coordinated digital production pipelines and multi-asset rollouts for international corporate accounts and consumer brands (including Fortune 500 campaigns), ensuring strict adherence to brand standards.
- Maintained proactive written and verbal English communication across multiple US and global time zones via Microsoft Teams, email, and PM portals, facilitating seamless feedback loops and fast issue resolution.

TECHNICAL SKILLS, SOFTWARE & EQUIPMENT

- Project & Quoting Software:** Microsoft Office (Advanced Excel with VLOOKUP/Pivots, Word, Outlook, Teams), Google Workspace (Sheets, Docs, Drive), Dropbox, CoreBridge estimating logic, Asana, Trello, ClickUp.
- Graphic & Plan Review Tools:** Adobe Acrobat Pro (PDF markup, dimensional callouts, submittal review), Adobe Illustrator (vector scaling, proof pre-flight), CorelDRAW, Bluebeam Revu (basic plan inspection).
- Signage Technical Domain:** Exterior Illuminated Channel Letters (Front-lit, Reverse Halo, Open-face), Raceways, Lightbox Cabinets, Blade Signs, Canopies, Awnings, Wayfinding/ADA, NEC Article 600 (80% power load rule), UL 48 standards.
- Credentials & Remote Infrastructure:** Google Certified AI Specialist (Google for Education & MIT RAISE - 100% Score); Windows 11 Desktop Workstation; 300 Mbps Fiber Internet + 4G Mobile Hotspot failover; Dual UPS battery backup for zero downtime.
